

Stowe Vibrancy's Statement on COVID-19

We hope that you are remaining safe and healthy during this time of uncertainty. We recognize that the Coronavirus (COVID-19) response at the Federal, State and Local levels is fluid, and will continue to be so until it becomes apparent that the danger of infection has diminished.

In order to prevent the spread of the virus, Federal and State governments have issued bans on group gatherings, dismissals of schools, and other controls including social distancing. As a result, this is having an effect on many of our Town's businesses. Stowe Vibrancy will be working with the Town on ways in which we can all come together as a community to support our businesses during this time.

Stowe Vibrancy will be evaluating hosting our seasonal events this year in conjunction with orders from Federal and State Governments. We will be postponing Chowderpalooza until a later date, and will be closely monitoring the potential kick-off of the Stowe Vibrancy season at a later date this year.

We wish you and your family health and safety during these challenging times.
